**Dear Sir/Madam:**

**When I decided to redesign my kitchen, I was nervous because I didn't think I could find someone to handle my fickleness and unique taste. I wanted something different in terms of the cabinetry in my kitchen, and the space designed with a modern flair. My experience with New York Woodwork, Inc. Custom Cabinets & Beyond was encouraging, informative, and an overall highly satisfactory experience with their knowledge, patience and professional courtesy. Whatever personal needs you may envision in your redesign space, I would highly recommend New York Woodwork, Inc. for their quality craftsmanship and outstanding installation service.**

**On behalf of my family and friends who are now enjoying the space in my new kitchen, I thank you very much to the courteous staff at New York Woodwork, Inc.**

**Sincerely,**
