One Hanson Place - Brooklyn NY

If you believe that quality cabinetry is an important part of what makes your house a home, then New York Woodwork is a good choice.

David and his team helped me develop a customized solution that turned hallways into functional rooms and spaces, and that was affordable, on time and incredibly beautiful. I continue to be pleased with my choice, every time I open and close a door or drawer.

David and his team suggested innovative solutions, and kept their cool despite my apartment not having a single plum line or square corner.

If you just want cupboards to store things - order standard pre-fab boxes from the Chinese or Lowe's. But if attention to detail and craftsmanship are important to you. Call these guys.
